Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 27 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cooler with showers. Longer spells of rain moving east Tuesday.

This Evening and Tonight:
Rain in the far north clearing, then clear spells and showers, these mostly in the west and far south overnight. Showers becoming more frequent in the south-west later.

Tuesday:
Eastern parts starting dry with some sunshine, but showers already in the west moving east, these merging into some longer spells of rain, heavy in places.

Outlook for Wednesday to Friday:
Remaining unsettled with showers or longer spells of rain affecting many areas. Rather windy with a risk of coastal gales at times with temperatures around or slightly below average.
